Locker Guidelines for 2019-2020

Please read carefully before you purchase back to school supplies. 😊

A school locker is primarily a place for you to store your school supplies. You may not have extras in your locker such as toys or other non-school related items as they distract from learning.

- Lockers should be organized so that things are neat and easy to find. Be careful -too much clutter will keep you from getting to your class on time.
- A locker shelf may be used to provide more space for your supplies.
- **The following items are approved for lockers:**
 - Locker Shelf
 - Mirror
 - Pencil holder
 - No more than 2 photographs to be put up with magnets-not tape.
